

Coursework Waiver for Pre-Professional Skills Tests (PPST)

If an applicant/licensee has taken and failed any of the Praxis I: Pre-Professional Skills (PPST) tests, that applicant/licensee has the option of passing an **approved course with a grade of B-** to waive that section of the PPST. For the provision to be satisfied, the applicant/licensee must submit an official transcript and a provision removal form to the Office of Teacher Licensure.

Official transcripts must reflect that the course was taken after the failing test score was reported.

Applicants/licensees who choose the coursework waiver option may choose **only** from the following three (3) credit courses which have been approved by The Commission for Professional Standards in Education. Visit the college/university websites for schedules of course offerings.

Courses Approved for Reading

Institution	Course Title	Course No.	Format
College of Southern Nevada	Critical Reading	READ 135	Ground
